TRAIN AND LEARN

Not all your time
will be spent on center.

You will have the chance to train with
Job Corps employer partners on
actual work sites.

Job Corps has employer partners
in every corner of the country
who are looking for **qualified
students** to train and
possibly **hire**.

Most of your time
on center will be devoted to
your **training** and
education.

If you have not graduated from
high school, you will have the
chance to earn your high school
diploma or GED.

TRAIN AND LEARN

AFTER JOB CORPS

When your training at Job Corps is complete,
Job Corps will work with you for up to
18 months after you graduate.

After you start training, it won't be long until
you are working on **finding a job**. You will
work with Job Corps staff to help find job
openings and submit **resumes**.

Don't have a resume?

Don't worry, Job Corps staff will help
you prepare one. It's all part of making sure
that you are prepared for a **lifetime of success**.

Job Corps understands that being independent
involves more than just having a job.

We'll help you find housing, day care,
community resources or just find a ride to work.
Job Corps wants to see you succeed.

Graduates find **good jobs**
and have the **support** they need
to stay in the workforce. When you leave
center you will be on the road to a **career**
with **high wages** and the
chance to move up in your field.
America's workforce needs
well-trained employees.

What students are saying...

AMBER

Before Job Corps I had no idea **where I was headed**. My life was in slow motion. Not finishing high school made it difficult for me to find a job. Then I heard about Job Corps. When I called the number, I talked to a **really helpful woman** who directed me to the center closest to where I was living.

At Job Corps I not only have a place to stay and three meals a day, I am getting **training** to be a nurse and my **high school diploma**. Best of all, I am getting it all for free.

I would never have dreamed that something like this was possible for me, but with Job Corps' help I am finally **on the right track**. I have a place to live, a place to learn and a place to improve myself. Everyone here cares about me enough to let me **learn at my own pace**. They sincerely want to see me **succeed**.

ELIZABETH

Being away from family and friends, having a curfew and having to follow a routine was difficult when I first got here. But then I realized that I was here to get an **education, learn career skills and improve my life**. Suddenly, those things didn't matter. Job Corps was my ticket to a better life, and there was no way anything was going to stop me.

The people I worked with were **amazing**. My welding instructor gave me so much **support** and boosted my **self-esteem**. He called me the best welder in his class...I think he was right.

At **Job Corps** I made lifelong friends, got the **best training** available to me and learned what it means to be a **responsible adult**. The value of Job Corps is more than just training and education, it's being able to learn about yourself and what you are capable of.

JYRONE

What do I want out of life? A family. But you need to have a career to have a family. More than that, you need a career in a **high-paying field**, where your services are in demand.

At Job Corps I am training in automotive. It's just one of the many **career areas** in America's **fastest-growing**, highest-paying industries offered at Job Corps. Job Corps gives me the chance to learn outside the classroom with **career partners** in my community who help train me to be one of the best in my field.

At Job Corps, I feel secure about my **future**. From my first day on center, the staff helped me get the **job training** and **professional skills** I need to land a job in today's marketplace.

I know **Job Corps** will be there for me after I graduate, too. They will help me find **job interviews**, create a **resume** or just find a ride to work.
